## Training Rules

Our goal at NBK9 Training is to set you up for the best success in reaching your training goals, and our training rules are designed with your success in mind. Please review carefully before submitting your application.

1. We cannot effectively or safely give advice before meeting your dog at the Initial Consult.  
 I understand and agree
2. An initial consult is required for all forms of in-home private training and day training programs.  
 I understand and agree
3. A pre-consult application is required to schedule an initial consult.  
 I understand and agree
4. An Initial Consultation takes place in the client's home. The Initial Consult is 90 minutes long and the cost is \$250.00. Any additional time over 90 minutes is pro-rated by the minute. No training occurs at the initial consult, it is solely a fact finding mission and time of discovery to determine the course of action for training or behavior modification.  
 I understand and agree
5. Payment for an initial consultation is required in advance at the time of scheduling the initial consultation appointment.  
 I understand and agree
6. New Beginnings K-9 Training does not participate in payment plans. An average package cost for training serious behavior issues can run from \$1000.00 to \$2,500.00 and up. A quote will be given to me at the initial consultation, customized to the situation and training goals. I understand prices are not negotiable.  
 I understand and agree
7. If you choose to pursue training after your initial consult, you will be asked to commit to a training package designed to meet your training goals. No exceptions. *We do not train session-by-session.* Our goal is to give you the best chance of reaching yours.  
 I understand and agree
8. We have a set training schedule. You will be given appointment options to choose from, just as you would at your doctor's, dentist's, or accountant's office. No exceptions. Our schedule is designed to maximize staff time.  
 I understand and agree
9. Students must commit to following our advice. Your dog's behavior will not change if you aren't willing to change yours.  
 I understand and agree
10. New Beginnings K-9 Training only uses positive scientific based training methods and will discontinue any training contract without refund if the owner chooses to utilize choke collars, shock collars, or pinch collars or other forms of methods of training or forms of equipment that causes emotional or physical harm to their dog. These types of equipment and methods can cause secondary and long term negative effects that will interfere, and cause detriment to the ultimate training goals.  
 I understand and agree
11. Students must complete training homework, every week. Results take work  
 I understand and agree
